

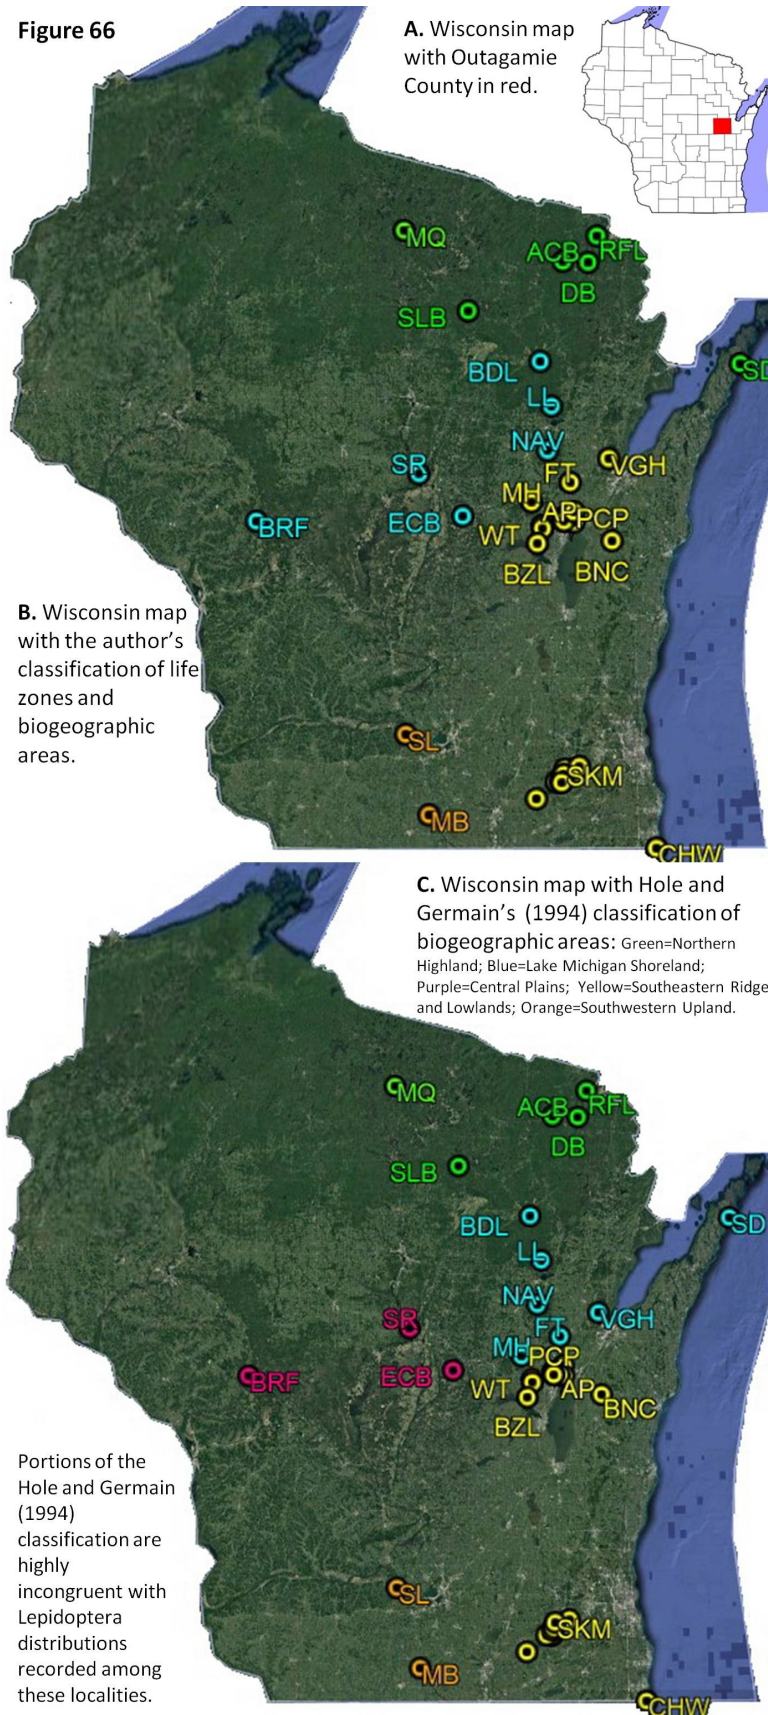

Figure 66

A. Wisconsin map with Outagamie County in red.

B. Wisconsin map with the author's classification of life zones and biogeographic areas.

C. Wisconsin map with Hole and Germain's (1994) classification of biogeographic areas: Green=Northern Highland; Blue=Lake Michigan Shoreland; Purple=Central Plains; Yellow=Southeastern Ridges and Lowlands; Orange=Southwestern Upland.

Portions of the Hole and Germain (1994) classification are highly incongruent with Lepidoptera distributions recorded among these localities.

Southern Transition Zone: Eastern Ridges and Lowlands (Yellow Sites on Map B)
